

Aircraft Scheduling

Online scheduling is available to pilots who are enrolled and checked out to fly with Diamond Flight Center.

When you complete an aircraft checkout and fill out a Pilot Information Sheet you will be entered into our database and insurance coverage. You will then have access to online scheduling, and be assigned a user name and password.

If you wish to fly on Sunday, your aircraft should be reserved before 4 p.m. on Saturday afternoon. If you add your flight to the schedule after 4 p.m. on Saturday afternoon, please follow up with a call to 801-471-1304. Otherwise your plane might not be available at your desired time on Sunday.

If you already have a login go [here](#) to begin scheduling
